PRELIMINARY STATEMENT

A. DESCRIPTION OF TERRITORY

Central Valley Gas Storage, L.L.C. ("CVGS") operates storage facilities that include underground Natural Gas reservoir, surface Gas compression and processing facilities and associated pipelines in Colusa County, California and using such facilities provides Gas storage Services to customers under market terms and conditions.

B. TYPES AND CLASSES OF SERVICE

CVGS provides two classes of Natural Gas storage Services for customers: Firm Storage Service and Interruptible Storage Service.

1. FIRM STORAGE SERVICE

Firm Storage Service (FSS), as defined in Rule 1, is a Natural Gas storage Service of Firm Inventory Capacity, Firm injection capacity and/or Firm withdrawal capacity, subject to the terms and conditions of Service set forth in this Tariff including the Appendix FSS evidencing a Transaction entered into by the Parties.

2. INTERRUPTIBLE STORAGE SERVICE

Interruptible Storage Service (ISS), as defined in Rule 1, is a Natural Gas storage Service of Interruptible Inventory Capacity, Interruptible injection capacity and/or Interruptible withdrawal capacity, subject to the terms and conditions of Service set forth in this Tariff including the Appendix ISS evidencing a Transaction entered into by the Parties.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE

1. DEFINITIONS, STORAGE SERVICE OBLIGATION, AND AMENDMENTS

- 1.1. The definitions contained in Rule 1 of this Tariff are incorporated by reference and deemed to be a part hereof.
- 1.2. CVGS is not required to provide any minimum level of storage Service under this Tariff, including at rate terms that are not acceptable to CVGS.
- 1.3. If any amendment is made to the transportation tariff of a Connecting Pipeline that has a material effect on the provision of a Service by CVGS, then CVGS by written notice to Customer and subject to the approval of the Commission, may change the provisions of the Storage Service Documents as reasonably necessary as a result of that amendment to such transportation tariff.

2. REQUESTS FOR SERVICE AND ESTABLISHING TRANSACTIONS

- 2.1 A potential Customer (hereafter, "Requesting Party") desiring storage Service under this Tariff may contact CVGS to discuss the storage Services offered by CVGS and the Requesting Party becoming a Customer (hereafter, an "Initial Storage Service Request").
- 2.2 A Requesting Party and CVGS may discuss an Initial Storage Service Request orally, in writing, or by e-mail or other electronic means including CVGS' Transaction Management Software Platform. At a minimum, in discussing any Initial Storage Service Request, CVGS may require the Requesting Party to provide CVGS with the following information in order to evaluate the Initial Storage Service Request:
 - (i) the exact legal name of the Requesting Party;
 - (ii) type of Storage Service requested;
 - (iii) proposed Transactional Limits including Maximum Daily Injection Quantity ("MDIQ"), Maximum Daily Withdrawal Quantity ("MDWQ"), Total Contract Quantity, Maximum Storage Quantity ("MSQ"), and/or Minimum Storage Quantity ("MinSQ"), as applicable under the circumstances;
 - (iv) proposed term of Storage Service; and
 - (v) any other necessary information applicable to the Storage Service being requested.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE

2. REQUESTS FOR SERVICE AND ESTABLISHING TRANSACTIONS (Continued)

- 2.3 An Initial Storage Service Request made by a Requesting Party, or any subsequent Storage Service request made by a Customer, shall not be valid and CVGS shall not be required to grant any such request for reasons which include, without limitation, the following:
- (i) CVGS determines, based on its credit analysis, that the Requesting Party does not have sufficient credit or financial stability to CVGS' satisfaction, as described in the creditworthiness provisions herein in Rule 6; or
 - (ii) the Storage Service requested would require the construction, modification, expansion or acquisition of any facilities; or
 - (iii) the Storage Service requested would not comply with this Tariff or applicable Schedule; or
 - (iv) for Firm requests, CVGS lacks adequate injection/withdrawal capacity or inventory to provide the requested service; or
 - (v) the Parties cannot come to a mutual agreement on the market-based rate (within the applicable range) or other essential terms for a Storage Service Transaction.
- 2.4 CVGS shall consider the Initial Storage Service Request and contact the Requesting Party to discuss the Initial Storage Service Request terms further, and the Parties may proceed to negotiate regarding the essential terms of a Transaction, including, without limitation, mutually acceptable market-based rate terms (within the range of minimum and maximum levels for rate components exhibited on the applicable Rate Schedule herein).
- 2.5 If the Parties come to a mutual agreement on the terms of a Transaction, CVGS shall tender a Storage Services Agreement and the applicable Appendix form to the Requesting Party. The Storage Services Agreement must be executed by the Requesting Party and returned to CVGS before a Transaction may commence between the Parties under the Storage Service Documents. CVGS may, in its sole discretion, accept evidence of Requesting Party execution via facsimile or electronic communication to CVGS.
- 2.6 Alternatively, subject to a Requesting Party meeting applicable creditworthiness requirements herein, CVGS and the Requesting Party may elect to enter into a Storage Services Agreement without also executing an Appendix form for a specific Transaction. Such executed Storage Services Agreement would be the master agreement for applicable Appendix forms executed by the parties containing terms for specific future Transactions.

3. NOMINATIONS AND CONFIRMATIONS

- 3.1 Upon and after execution of a Storage Services Agreement and an applicable Appendix for a specific Transaction between CVGS and Customer for Storage Service under a Storage Service Schedule herein, Customer shall make Nominations pursuant to the following procedures. Storage Service shall be subject to Force Majeure and other applicable provisions of the General Terms and Conditions of Service herein, including the scheduling and service priority provisions, the provisions of the applicable Storage Service Schedule, and the provisions of the Storage Service Documents .
- (a) Nominations at the CVGS Facility will be accepted by utilizing CVGS's Transaction Management Software Platform. If the Transaction Management Software Platform is not available, CVGS will accept Nominations in the format documented on Sample Form "D" herein, with an accompanying telephone call, by e-mail, or by facsimile transmittal as stated in Section 3.2 (b).
 - (b) Each Nomination shall specify, at a minimum, the Customer, the contract and Transaction under which activity is being Nominated, the type of activity, the date the activity is to commence, the date the activity is to cease, and the Volume Nominated in dekatherms.
 - (c) Customer or Customer's agent must submit matching nominations on the Connecting Pipeline in order for the desired Transactions to be valid. In the event the Nominations on CVGS's Transaction Management Software Platform and the interconnecting parties' systems do not match, CVGS will Confirm and therefore schedule the lesser of the two nominations.
- 3.2 Customer must be issued a user name and password before being allowed to Nominate Services using CVGS's Transaction Management Software Platform. Customers will only have access to those Nominations and reports specifically linked to their company.
- (a) Electronic Nominations are accepted through the link provided within CVGS's web site at <http://www.cvgasstorage.com>. The user will be prompted for a user name and a password. Submission times are in accordance with Section 3.8. **(T)** The processing of the Nominations and Nomination Confirmations by CVGS are dependent upon on the Connecting Pipeline's confirmation and processing schedule.

3. NOMINATIONS AND CONFIRMATIONS (Continued)

3.2 (Continued)

- (b) Customers may, with an accompanying telephone call, submit facimile or e-mail spreadsheet Nominations in the format documented on Sample Form "D" herein during emergency situations. Spreadsheet Nominations must be received by CVGS in accordance with Section 3.8 and must contain the same elements (T) as an electronic Nomination.
- (c) If Customer fails to Nominate to CVGS, CVGS will confirm zero activity with the Connecting Pipeline.

3.3 After receiving all Nominations for a Nomination Time, CVGS shall consider each Customer's Nomination in connection with the terms of this Tariff, Customer's Storage Service Documents, the applicable Rate Schedule provisions, Customer's Inventory level, and applicable Transactional Limits and CVGS shall coordinate as follows regarding the nomination with the Connecting Pipeline.

- (a) For FSS, CVGS will place a nomination with the Connecting Pipeline in the amount of the Customer Nomination that is consistent with Customer's Appendix FSS, subject to reduction in whole or in part due to the General Terms and Conditions of Service in this Tariff, the Storage Service Documents, Force Majeure, or Transactional Limits in Customer's Appendix FSS as applicable.
- (b) For ISS, CVGS shall determine the level of Storage Service it is able to offer. CVGS may, without consulting with the Connecting Pipeline, determine it is not able to offer such requested service and in such an event, CVGS shall communicate this to the Customer making the Nomination. If some or all of the level of ISS can be provided, then CVGS shall coordinate nominations with the Connecting Pipeline and subsequently Confirm the actual volume nominated for Customer.
- (c) If the Connecting Pipeline fails to confirm some or all of the Customer or CVGS Nominations, then Customer's Nomination shall be treated as curtailed by the Connecting Pipeline to the extent not confirmed by the Connecting Pipeline. CVGS shall only Confirm and, therefore, deliver, the lesser of the two (2) Nominations.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

3. NOMINATIONS AND CONFIRMATIONS (Continued)

3.3 (Continued)

- (d) CVGS shall make information available to Customer prior to gas flow on the Connecting Pipeline regarding CVGS' Confirmation of the Nomination, including the amount that is Confirmed for the applicable Gas Day. Such information normally will be posted on CVGS's Transaction Management Software Platform.
- (e) Upon receipt of confirmation from the Connecting Pipeline, CVGS and Customer will each be bound in accordance with the Confirmation for the applicable Gas Day, subject to the terms of the applicable Storage Service Documents, including the provisions of the General Terms and Conditions of Service. For FSS Service, CVGS and Customer shall each have a Firm obligation to deliver and accept gas in accordance with that Confirmation for the applicable Gas Day subject to the provisions of Schedule FSS and the General Terms and Conditions of Service.

3.4 CVGS will maintain Gas Storage Inventory Accounts for Customers to account for each Transaction entered into pursuant to the Storage Service Documents. At any time when a Nomination has been Confirmed under the Storage Service Documents:

- (a) quantities of Gas delivered by or on behalf of Customer pursuant to a specified Transaction and received by or on behalf of CVGS will be added to Customer's Gas Storage Inventory Account for that Transaction; and
- (b) quantities of Gas delivered by or on behalf of CVGS pursuant to a specified Transaction and received by or on behalf of Customer will be deducted from Customer's Gas Storage Inventory Account for that Transaction.

3.5 Transfers of Gas between:

- (a) different Gas Storage Inventory Accounts of Customer, if it has more than one;
- (b) a Gas Storage Inventory Account of Customer and a Gas Storage Inventory Account of another customer of CVGS;
- or
- (c) imbalance trading under PG&E's G-BAL schedule

are not permitted without the prior consent of CVGS, which CVGS may withhold in its sole discretion. Additionally, for imbalance trading under PG&E's G-BAL schedule, Customer must separately pursue such a transfer with PG&E pursuant to the terms of that schedule.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

3. NOMINATIONS AND CONFIRMATIONS (Continued)

- 3.6 Customer shall be responsible for all matters arising from or ancillary to the purchase, sale and transportation of Natural Gas that is delivered to or received by or on behalf of Customer at the Point of Receipt and delivered to or received by or on behalf of Customer at the Point of Delivery. These responsibilities include, without limitation, securing and maintaining all necessary transportation services with the Connecting Pipeline, securing and maintaining all necessary ancillary services, complying with all reporting requirements and payment obligations arising in respect of Natural Gas sales proceeds, securing and maintaining all required permits and authorizations and paying all taxes (excluding income taxes payable by CVGS), levies, and charges associated with the Services provided under the Storage Service Documents.
- 3.7 CVGS is not required to Confirm Volumes that would cause Customer to exceed its contractual Maximum Storage Quantity (MSQ), Total Contract Quantity, Maximum Daily Injection Quantity (MDIQ), or Maximum Daily Withdrawal Quantity (MDWQ), or to go below its Minimum Storage Quantity (MinSQ) as applicable. In the event that a Customer Nomination would violate contractual MSQ, MinSQ Total Contract Quantity, MDIQ, or MDWQ limits, CVGS may Confirm a Volume that would bring the Customer's MSQ, MinSQ, Total Contract Quantity, MDIQ, or MDWQ, into compliance with contractual limits and the Volume reduction will be made according to the ranking that Customer has supplied to the Connecting Pipeline.
- 3.8 Timing of Nominations shall be as follows:
- (a) For activity involving receipt or delivery points with the Connecting Pipeline, CVGS must receive the Nomination information by the Submission Time (T) stated on the Notification Schedule of Customer's Storage Services Agreement. (T)
 - (b) Intraday changes for points involving Connecting Pipeline receipt points will be subject to the Connecting Pipeline's nomination guidelines and must be received by CVGS by the Submission Time stated on the Notification Schedule of (T) Customer's Storage Services Agreement. (T)
 - (c) In the event the Nomination to CVGS is not received by CVGS in accordance (T) with Section 3.8(a) or Section 3.8(b), CVGS may, in its sole and absolute discretion, accept the Nomination if it determines that the Nomination would not be detrimental to the operation of the Facilities or adversely affect other customers. If CVGS accepts such Nomination, the nomination to the Connecting (T) Pipeline will be submitted on a best efforts basis and CVGS will use due diligence to correct the Connecting Pipeline nomination in subsequent nomination cycles if permitted to do so by the Connecting Pipeline.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

3. NOMINATIONS AND CONFIRMATIONS (Continued)

- 3.9 On any Gas Day, CVGS may reduce Customer's Request for Service duly made hereunder, in whole or in part, without penalty, in order to perform planned or unplanned maintenance, repairs, additions or modifications to any of the pipeline, the storage wells, and the equipment and plant comprising the CVGS Storage Facility; provided that, CVGS shall use reasonable efforts to give fifteen (15) days prior notice of planned maintenance. In the event of a flow constraint for reasons set forth above, storage injection or withdrawal Volumes will be reduced using the procedures below. The Volumes will be restored in the reverse order that they were reduced once the constraint has been remedied.

Overrun Volumes will be reduced first on a pro-rata basis, using the constrained Volume as the numerator and total Confirmed overrun Nomination Volumes as the denominator.

Once all the overrun Volumes have been reduced to zero, further reductions will be made by reducing Interruptible capacity using the rate paid for the day of the constraint as the determining factor. The lowest rate Interruptible Volumes will be reduced first, continuing upward on a contracted rate basis until the constrained Volume target has been met. If two or more customers are paying the same rate, and that rate stratum is not reduced to zero, the Volume reduction for that rate stratum will be made by using the reduction Volume as the numerator, and the total Confirmed Nominations for such customers as the denominator.

Once all Interruptible Volume has been reduced to zero, if further reduction is necessary, firm injections or withdrawals (whichever applies) will be limited by using the remaining constrained Volume as the numerator, and the total MDIQ or MDWQ of the affected customers as the denominator.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

3. NOMINATIONS AND CONFIRMATIONS (Continued)

- 3.10 If due to Customer's error or negligence, Customer's Gas does not flow as scheduled by Customer's Confirmed Nomination, and penalties are imposed upon or incurred by CVGS as a result thereof by the Connecting Pipeline, Customer will indemnify CVGS against and hold CVGS harmless from all such penalties imposed upon and incurred by CVGS. Any scheduling penalty may be waived by CVGS on a case-by-case nondiscriminatory basis. Any such waivers must be in writing and must be executed by an officer of CVGS or other authorized representative of CVGS.
- 3.11 Customer's ability to Nominate, deliver to, or receive delivery from CVGS for Service under a Service Schedule may be limited at any time when Customer is restricted or unable to transport Gas on a Connecting Pipeline for any reason including, without limitation, curtailment in whole or in part by that Connecting Pipeline. CVGS shall have no responsibility or liability for any such restrictions or curtailments and CVGS shall not waive any applicable charges that result from such restrictions or curtailments.
- 3.12 Natural Gas delivered by one Party to the other hereunder shall be measured as to Volume and energy at the appropriate Point of Receipt and Point of Delivery.
- 3.13 CVGS shall have the right to remove constituents other than methane from Gas delivered to it by Customer and CVGS shall have no duty to account for the constituents so removed nor to make any payment to Customer on account thereof provided that nothing in this Section 3.13 will permit CVGS to return to Customer a Quantity of Gas less than that delivered for storage to CVGS by Customer (Fuel Charges excepted) nor shall this Section 3.13 permit CVGS to return to Customer Gas that does not meet the quality specifications that CVGS and Customer have agreed to.
- 3.14 CVGS will accept and deliver customers' natural gas at the quality and pressure required of natural gas transported on the Connecting Pipeline system as set forth in the interconnect agreement, special facilities agreement, and/or operating and balancing agreement with the Connecting Pipeline. Each Party shall preserve all test data, charts, and other similar records regarding the measurement of gas delivered for a period of not less than two (2) Years following the month of delivery of such gas.

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

4. BILLINGS AND PAYMENTS

- 4.1 CVGS will provide an invoice or invoices that include the general information specified in this Article 4 as well as specific information that is required in respect of each Transaction entered into by the Parties.
- 4.2 On or before the 15th day of each month, CVGS will invoice Customer by providing written notice of:
- (a) the number of Dekatherms of Natural Gas delivered to or received by or on behalf of Customer or CVGS during the Billing Month at the Point of Receipt in accordance with each Transaction then entered into by the Parties;
 - (b) the number of Dekatherms of Natural Gas delivered to or received by or on behalf of Customer or CVGS during the Billing Month at the Point of Delivery in accordance with each Transaction then entered into by the Parties;
 - (c) the balance of Customer's Gas Storage Inventory Account(s) throughout the Billing Month, including any transfers permitted by CVGS to, from, between or among those accounts;
 - (d) the amount of any adjustment applicable to the Billing Month or any month prior to the Billing Month; and
 - (e) the amount payable to CVGS by Customer, determined in accordance with each Transaction in effect during the Billing Month.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

4. BILLINGS AND PAYMENTS (Continued)

- 4.3 Customer understands and acknowledges that CVGS is dependent on the Connecting Pipeline for data on Natural Gas delivered or received by Customer at the Point of Receipt or Point of Delivery. If prior to the 15th of the month CVGS has not received the Customer data needed to calculate the amount payable by Customer for the Billing Month, CVGS may make a reasonable estimate of the amount payable by Customer, based on available data, including Customer's history, and present an invoice based on that estimate. If an invoice based on an estimate is presented and paid, CVGS shall make adjustments reflecting the Customer's actual data for the Billing Month, including additional charges or credits, on the invoice presented to the Customer for the next Billing Month following the receipt by CVGS of the Customer data needed to calculate the amount payable by Customer.
- 4.4 (a) The amount payable by Customer to CVGS, or by CVGS to Customer, (C) pursuant to the Storage Service Documents during a Billing Month will be the sum of the charges determined payable by Customer in accordance with each Transaction in effect during the Billing Month, plus all applicable taxes, levies and charges for which Customer is responsible pursuant to the Storage Service Documents, excluding those amounts that are properly payable by Customer directly to a taxing authority.
- (b) For the purposes of determining the amount payable from time to time to CVGS by Customer, or by CVGS to Customer, the balance of Customer's Gas (C) Storage Inventory Account(s) will be determined as at the end of the Gas Day, or at the end of the Gas Month, as the case may be.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

4. BILLINGS AND PAYMENTS (Continued)

4.5 Any amount from time to time payable by one Party to the other is due on the latter (C) of the 10th day after the day on which CVGS gives notice pursuant to Section 4.2 or the 25th day of that month. If that day is not a Business Day, then payment will be due on the next Business Day falling after that day.

4.6 Any amount payable hereunder by one Party to the other, but unpaid when due, (C) will accrue interest at a rate equal to the lesser of the Prime Rate in effect from time to time, plus 3%, or the maximum rate permitted under applicable law, compounded annually, calculated from the date payment was due until the date payment is made in full, both before and after judgment.

4.7 If Customer in good faith disputes the amount of an invoice, Customer will nevertheless pay CVGS the amount of such invoice, and thereafter and until final determination which may be reached either by agreement or by judgment of the courts, as may be the case, CVGS will be obligated to refund any principal amount either agreed upon or otherwise found by the courts to be overpaid by Customer. However, CVGS has the right to terminate Service to any Customer hereunder for any continued non-payment of any invoices rendered by CVGS.

If the Parties discover any overcharge or undercharge after the invoice has been paid, (C) the Party who has underpaid or who has been overpaid will pay to the other the amount overpaid or underpaid within thirty (30) days after that amount has been determined. The payment will include interest from the date of overpayment or underpayment, calculated in accordance with Section 4.6, and any applicable taxes. (C)

No payment as described in this Section 4.7 will be made beyond a period of (C) twenty-four (24) months following the date of the original overpayment or underpayment unless that payment is made necessary by measurement or allocation adjustments instigated by the Connecting Pipeline, in which case the twenty-four (24) month limitation will not apply.

4.8 Any payment required to be made pursuant to the Storage Service Documents will be paid by electronic transfer of funds to the account of the recipient Party identified in the Notification Schedule, or if no account is so identified, by delivery to the recipient Party at its address stated in the Notification Schedule.

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

5. TERM END ADJUSTMENT OF STORED INVENTORY

- 5.1 In respect of each Transaction entered into under the Storage Service Documents, Customer will Nominate Volumes in a manner that in its reasonable estimation, will result in the balance of its Gas Storage Inventory Account for such Transaction equaling zero at the end of the Term of that Transaction.
- 5.2 If in respect of a Transaction entered into under the Storage Service Documents, Customer's Gas Storage Inventory Account has a positive or negative balance at the end of the Term of that Transaction, the following provisions will apply:
- (a) At the sole option of CVGS, Customer shall purchase from CVGS a Quantity of Gas equal to that negative balance in Customer's Gas Storage Inventory Account at a price equal to 110% of the average price determined by reference to the Point of Delivery Price Index for each day of the Gas Month following the last Gas Day of the Term.
 - (b) At the sole option of CVGS, CVGS may purchase from Customer a Quantity of Gas equal to that positive balance in Customer's Gas Storage Inventory Account at a price equal to 90% of the average price determined by reference to the Point of Receipt Price Index for each day of the Gas Month next following the last Gas Day of the Term.
 - (c) Upon Customer or CVGS, as the case may be, making payment of the amount – determined pursuant to (a) or (b) of this Section 5.2, the balance of Customer's Gas Storage Inventory Account in respect of that Transaction shall be adjusted to zero.
 - (d) As an alternative to the payments provided in (a), (b), and (c) of this Section 5.2 and at the sole option of CVGS, the Term of the Transaction in question may be extended by a period specified by CVGS so that Customer may submit additional Nominations to deliver or receive, as the case may be, the Quantity of Gas needed to bring Customer's Gas Storage Inventory Account to zero.

PRELIMINARY STATEMENT (Continued)

C. GENERAL TERMS AND CONDITIONS OF SERVICE (Continued)

6. DEFAULT AND TERMINATION

6.1 Customer shall be in default under this Tariff or the Storage Services Agreement if:

- (a) Customer shall fail to pay any sums due to CVGS hereunder and such failure continues for a period of five (5) Business Days after written notice to Customer by CVGS;
- (b) Customer fails to materially perform any of its covenants or obligations under this Tariff or the Storage Service Documents, other than obligations to make payments to CVGS, and Customer does not remedy such failure within a period of thirty (30) Days after receipt of a notice from CVGS and indemnify and hold harmless CVGS from and against any losses resulting from such failure;

6. DEFAULT AND TERMINATION (Continued)

- 6.3 (a) In the event of a default by Customer pursuant to Section 6.1, Service under this Tariff or the Storage Services Agreement shall terminate two (2) Business Days after delivery of a written notice from CVGS to Customer of such termination; provided, however, in the event that the default has occurred due to a Customer Insolvency Event, Service shall terminate immediately and without the necessity of notice from CVGS. Additionally, if a default occurs solely as the result of the failure of Customer to make payment pursuant to the indemnification to CVGS as required pursuant to Section 6.1(b) as the result of a bona fide dispute between the Parties and Customer has cured all other failures to perform covenants and obligations under this Tariff or the Storage Services Agreement, CVGS shall not be entitled to terminate this Transaction but instead may seek recovery of damages caused by said nonperformance.
- (b) Any termination of Service pursuant to the provisions of this Section 6.3 shall be without prejudice to the right of CVGS to collect any amounts then due to CVGS and without waiver of any other remedy, whether at law or in equity, to which CVGS may be entitled, provided that (i) CVGS shall in no event be liable for damages greater than the value of any Gas lost or for damages greater than the reasonable cost of alternative service, subject to the provisions of this Tariff regarding Force Majeure, similar to the Service that would have been provided by CVGS from the date of termination to the end of the Term, should CVGS fail to receive or redeliver Gas as and when required under this Tariff or the Storage Services Agreement and (ii), provided, however, such limitation on Customer liabilities hereunder shall not extend to any indemnification obligation of Customer hereunder. 6. DEFAULT AND TERMINATION (Continued)

6.4. The provisions of this Section 6.4 and not those of Article 5 of the General Terms and Conditions shall apply if Service under this Tariff or the Storage Service Documents is terminated in accordance with Section 6.3 of the General Terms and Conditions as to all or any portion of the Services subject to this Tariff or the Storage Service Documents:

- (a) Such termination shall be without prejudice, subject to such rights of offset as may exist, to any rights or obligations of the Parties accruing prior to such termination, including but not limited to (i) Customer's right to receive Gas that it has stored but has not received, although entitled thereto, prior to the time of termination (unless Customer fails to remove such Gas from the Storage Facilities in the manner prescribed under this Tariff), (ii) Customer's right to refunds, if any, together with interest thereon, of portions of the rate paid prior to such termination or release for those days only when service by CVGS was not rendered, and (iii) CVGS's right to collect any amounts then due CVGS for Services provided to Customer prior to the time of such termination. Upon such termination, and subject to CVGS's rights under Section 4.1(d) of Rule 6, Customer shall cause all Gas in its Gas Storage Inventory Account to be removed from the Storage Facilities in a manner mutually acceptable to CVGS and Customer. Customer shall pay all charges applicable under this Tariff while removing all Gas in its Gas Storage Inventory Account. Failure to remove completely all such Gas within fifteen (15) Days after such termination shall result in liquidation and removal by CVGS. In such case, CVGS shall compensate Customer by paying Customer the proceeds (net of all sales expenses and costs and all amounts due from Customer and remaining unpaid) from the sale of any of Customer's Gas removed by CVGS, such sale to be made to such Person or Persons and upon such terms as CVGS in, its sole discretion, may deem appropriate. Payment for the Gas sold shall serve as full compensation to Customer for such action by CVGS.
- (b) All indemnity and confidentiality obligations under this Tariff shall survive termination of Service.

7. DISPUTE RESOLUTION

7.1 Unless otherwise provided in this Tariff or the Storage Service Documents, or resolved by the Parties, any dispute, controversy or claim arising out of, or relating to, this Tariff or the Storage Service Documents, or the making, performance or interpretation thereof, shall be resolved by binding arbitration in San Francisco, California in accordance with the then-existing Commercial Arbitration Rules of the American Arbitration Association. Such binding arbitration shall constitute the exclusive forum for resolution of any such disputes, controversies or claims. The binding arbitration shall be conducted by a single arbitrator upon which CVGS and Customer agree, or, if CVGS and Customer cannot agree on a single arbitrator, then by a board of three (3) arbitrators, which arbitrator(s) shall be selected for each such controversy in accordance with Section 7.2.

7.2 If the Parties agree upon a single arbitrator, the date of appointment of the arbitrator shall be the date upon which the arbitrator agrees to serve. In the event it is necessary to proceed with a board of three (3) arbitrators in order to resolve any dispute, either CVGS or Customer may, at the time such controversy arises, notify the other of a name of the arbitrator such Party has selected, and the other Party shall, within ten (10) days thereafter, select another arbitrator and notify the Party desiring arbitration of the name of such arbitrator. If such other Party shall fail to name a second arbitrator within ten (10) days, then the Party who first served the notice of arbitration may, on reasonable notice to the other Party, apply to the American Arbitration Association for the appointment of such second arbitrator for and on behalf of the other Party, and in such case the arbitrator appointed by such association shall act as if named by the other Party. The two (2) arbitrators so selected shall, within ten (10) days after the appointment of the second arbitrator, choose a third arbitrator, and in the event of their failure to do so within said 10 days, either of the Parties hereto may in like manner, on reasonable notice to the other Party, apply to the American Arbitration Association for the appointment of a third arbitrator and in such case the arbitrator appointed by such association shall act as the third arbitrator. Such arbitrator or board shall determine the matters submitted to it pursuant to the provisions of this Tariff or the Storage Service Documents, whichever shall be applicable. The arbitrator or board of arbitrators shall render a decision on the issues before such arbitrator or board no later than sixty (60) days after such arbitrator or board has been appointed.
- 7.4 In the case of a single arbitrator, the costs of the arbitration shall be equally divided between the Parties. In the case of a board of three (3) arbitrators, each Party shall pay the expense of the arbitrator selected by or for it, and all other costs of the arbitration shall be equally divided between the Parties hereto. In no event shall the arbitrator or board of arbitrators have discretion to award costs of arbitration in any fashion other than set forth in this Section 7.4.

Notwithstanding the foregoing, if an event of Force Majeure prevents performance of a Party's obligations for a period exceeding ninety (90) consecutive days, the other Party shall have the right to terminate the impacted Transaction effective on thirty (30) additional days' notice to the Party claiming the Force Majeure event.
- 8.2 The settlement of strikes or lockouts shall be entirely within the discretion of the Party having the difficulty, and the requirement that any Force Majeure event shall be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts by acceding to the demands of any opposing Person when such course is inadvisable in the discretion of the Party having the difficulty.

- 5.1 By logging in and entering data under the Customer's user name and password, Customer warrants that the user of Customer's user name and password is duly authorized and binding upon Customer.
- 5.2 Each Party shall take reasonable steps to prevent unauthorized access to and use of any portion of the Transaction Management Software Platform that is under its control.
- 5.3 If either Party reasonably suspects that any Nomination or other information is incomplete, inaccurate, or otherwise suspect, that Party must promptly notify the other Party and report the suspect information. The Party reporting the suspect information shall not be required to act on the suspect information until the matter has been clarified.
- 5.4 If for any reason Customer is unable to use CVGS' Transaction Management Software Platform to Nominate, the secondary method of communications with CVGS will be the combination of e-mail or facsimile and a confirming voice telephone call. Any such emergency communications will be followed up with matching service request data entry on the Transaction Management Software Platform once service is restored. D. TRANSACTION MANAGEMENT PROCEDURES (Continued)

6. RECORDS AND AUDIT PROCEDURES

- 6.1 CVGS will review all Customer Nominations and confirm valid requests by posting them to the Transaction Management Software Platform as scheduled.
- 6.2 CVGS will then enter confirmed nominations in the Connecting Pipeline's scheduling system as the Customer's portion of injection or withdrawal volumes for the CVGS Facility.
- 6.3 Customer is solely responsible for entering all matching nominations in the Connecting Pipeline's scheduling system as a shipper on the Connecting Pipeline. Customer may then monitor the confirmation information as posted on the Connecting Pipeline's scheduling system.
- 6.4 CVGS will monitor the Connecting Pipeline's scheduling system for nomination confirmations and other related information and throughout the Gas Day and will post the available confirmation on the CVGS Transaction Management Software Platform. Customer can expect a reasonable delay time between when the information is available in the Connecting Pipeline's scheduling system and when it is available on the CVGS Transaction Management Software Platform. As the CVGS Transaction Management Software Platform information will match the Connecting Pipeline's scheduling system information, Customer may choose to monitor the Connecting Pipeline's scheduling system when the timing of confirmation information is critical.
- 6.5 Customer shall have until the end of the next two Business Days to compare nominations Confirmed on the CVGS Transaction Management Software Platform with its own records and give notice to CVGS stating the details of any objections with respect to the accuracy or completeness of a Nomination Confirmation. Subject to any such notice or objection, upon the expiration of that period, the Nomination Confirmation shall be conclusively deemed to have been accepted as accurate and complete by both Parties.

CVGS shall not be liable to Customer for acting, in good faith, upon any information transmitted electronically by Customer or any other customer of CVGS.
- 7.2 CVGS shall be indemnified and held harmless by the Receiver from and against all loss, damage or expense incurred by the Customer as a result of or in connection with the transmission of any Document that is not received or that is corrupted in transmission as a result of a malfunction in any equipment used to send or receive electronic Nominations except in circumstances where CVGS knew or ought reasonably to have known that the Document was or would be corrupted in transmission or would likely not be received.

SERVICE SCHEDULES

SCHEDULE FSS – FIRM STORAGE SERVICE

CLASS OF SERVICE

Firm Storage Service (FSS), as defined in Rule 1, is a Natural Gas storage Service of Firm Inventory Capacity, Firm injection capacity and/or Firm withdrawal capacity, subject to the terms and conditions of Service set forth in this Tariff, and the Storage Service Documents including an executed Storage Services Agreement, and the Appendix FSS evidencing a Transaction entered into by the Parties. FSS will not be subject to curtailment, interruption, or discontinuance except as provided for in the Tariff, this Schedule FSS, or in the Storage Service Documents. FSS will have the highest priority and will be scheduled prior to all other Storage Services provided under this Tariff.

APPLICABILITY

FSS Service is applicable to Natural Gas stored at the CVGS Storage Facility in Colusa County, California with Points of Receipt and Points of Delivery that are entirely within the State of California as specified in the Storage Service Documents.

TERRITORY

CVGS has no specific service territory. CVGS provides FSS Service pursuant to the terms and conditions of this tariff and the Storage Service Documents to any Person who can arrange to have its Natural Gas transported to and from the Point of Receipt and the Point of Delivery.

TERMS AND CONDITIONS OF SERVICE

1. DEFINITIONS

- 1.1 In this Service Schedule, terms will have the meanings given in Rule 1, unless expressly indicated otherwise.

TERMS AND CONDITIONS OF SERVICE (Continued)

2. CONTRACTING FOR SERVICES AND NOMINATIONS

2.1 The following provisions will apply between the Parties:

- (a) From time to time, Customer and CVGS may negotiate terms of one or more Transactions hereunder. During the negotiations, CVGS shall consider the terms being discussed under its internal policies that consider the essential term elements, including the rate terms, as well as the Customer's Credit Rating and the Acceptable Credit Rating under the circumstances. If the Parties come to a mutual agreement on the terms of Transactions, such Transactions shall be confirmed by CVGS sending Customer a Transaction Confirmation notice in the form of an Appendix FSS via facsimile or electronic communication documenting the particulars of the Transactions as agreed to.
- (b) Unless Customer objects by notice in writing given to CVGS by 07:00 hours Pacific Clock Time on the fifteenth (15th) Business Day following the day that CVGS provides the Transaction Confirmation notice in the form of an Appendix FSS pursuant to Section 2.1(a), such Appendix FSS shall be accepted as correct and binding upon both Parties in accordance with its terms whether or not in fact executed by either Party or both Parties; provided that, if a Party can produce a voice recording that clearly evidences the oral agreement of the Parties, then in the event of conflict between the Transaction Confirmation and the voice recording, the agreement of the Parties shall be governed by the latter. Taking Service from CVGS and providing Service to Customer under this Tariff or the Storage Service Documents constitutes express advance consent under any applicable federal law or law of any state of the United States by both CVGS and Customer to voice recordation of any personal, telephonic, or other conversation between CVGS and Customer wherein matters such as those addressed in this Section 2.1 are discussed between the Parties.
- (c) This Tariff, the Storage Services Agreement, Schedule FSS, and Appendix FSS shall together form and constitute the Storage Service Documents applicable to each Firm Storage Service Transaction between the Parties.
- (d) Customer may access the Services provided for in this Service Schedule by following the procedures set out in Article 3, "Nominations and Confirmations" of the General Terms and Conditions.

SERVICE SCHEDULES

SCHEDULE FSS – FIRM STORAGE SERVICE

TERMS AND CONDITIONS OF SERVICE (Continued)

2. CONTRACTING FOR SERVICES AND NOMINATIONS (Continued)

- 2.2 CVGS is not required to accept any Nomination that would result in Customer's Gas Storage Inventory Account having a balance below its MinSQ or that would result in Customer exceeding its MSQ, TCQ, MDIQ or MDWQ. CVGS and Customer may agree to additional specified Transactional Limits between Customer's MinSQ and MSQ and Injection and Withdrawal Rights within Customer's MDIQ and MDWQ for specified periods.
- 2.3 If, within the sole discretion of CVGS, operating conditions permit and Customer will neither exceed its MSQ and/or TCQ nor have an inventory balance below its MinSQ, CVGS may authorize Customer to inject or withdraw quantities in excess of Customer's MDIQ or MDWQ amounts ("Overrun Volumes"). Overrun Volumes shall have the lowest priority of any Storage Service offered by CVGS per Section 3 of this Schedule FSS.
- 2.4 Unless otherwise permitted in the Storage Service Documents, Customer must pay CVGS all applicable charges on account of the Injection Commodity Rate, the Withdrawal Commodity Rate, or both, for any Intraday Nomination made by Customer. Due to the obligations imposed on CVGS as a result of an Intraday Nomination, any Intraday Nomination made by Customer will require Customer to make payment for all applicable charges even if the Customer did not Nominate as required by the Storage Service Documents.
- 2.5 Unless otherwise agreed by CVGS, or as limited by system operating conditions, all Confirmed volumes will be delivered to/accepted by Customer, or delivered to/accepted by CVGS, at a uniform hourly rate of confirmed daily quantity which shall not exceed customer's MDQ for a full Gas Day divided by twenty-four (24). Variance from the uniform hourly rate may be allowed by CVGS if CVGS determines that it would not be detrimental to the operation of the Facilities, the Connecting Pipeline can accommodate such variance, and such variance will not adversely affect other Customers.

TERMS AND CONDITIONS OF SERVICE (Continued)

3. REDUCTIONS, ALLOCATIONS

On any Gas Day, CVGS may reduce Customer's Request for Service duly made hereunder, in whole or in part, without penalty, in order to perform planned or unplanned maintenance, repairs, additions or modifications to any of the pipeline, the storage wells, and the equipment and plant comprising the CVGS Storage Facility; provided that, CVGS shall use reasonable efforts to give fifteen (15) days prior notice of planned maintenance. In the event of a flow constraint for reasons set forth above, storage injection or withdrawal Volumes will be reduced using the procedures below. The Volumes will be restored in the reverse order that they were reduced once the constraint has been remedied.

Overrun Volumes will be reduced first, on a pro-rata basis, using the constrained Overrun Volume as the numerator and total Confirmed Overrun Volumes impacted by the constraint as the denominator.

Once all the overrun Volumes have been reduced to zero, further reductions will be made by reducing Interruptible capacity impacted by the constraint using the rate paid for the day of the constraint as the determining factor. The lowest rate Interruptible Volumes will be reduced first, continuing upward on a contracted rate basis until the constrained Volume target has been met. If two or more customers are paying the same rate, and that rate stratum is not reduced to zero, the Volume reduction for that rate stratum will be made by using the reduction Volume as the numerator, and the total Confirmed Nominations impacted by the constraint as the denominator.

Once all Interruptible Volume has been reduced to zero, if further reduction is necessary, Firm injections or withdrawals (whichever applies) will be reduced by using the remaining constrained Volume as the numerator, and the combined MDIQ or MDWQ for the customers affected by the constraint as the denominator.

2.2 During the Term of a Transaction, as specified on the Appendix ISS, the following obligations shall be applicable:

- (a) For Service rendered at the Point of Receipt, CVGS is not required to accept any injection Nomination that, if fulfilled, would result in the total Quantity of Gas received pursuant to the Transaction exceeding the Total Contract Quantity as specified on the Appendix ISS evidencing the Transaction, nor any injection Nomination pursuant to the Transaction that would result in Customer exceeding its MSQ or MDIQ.
- (b) For Service rendered at the Point of Delivery, CVGS is not required to accept any withdrawal Nomination that, if fulfilled, would result in the total Quantity of Gas delivered pursuant to the Transaction exceeding the Total Contract Quantity as specified on the Appendix ISS evidencing the Transaction, nor any withdrawal Nomination pursuant to the Transaction that would result in Customer exceeding its MDWQ or that would result in Customer's Gas Storage Inventory Account having a balance below its MinSQ.
- (c) CVGS is not required to accept any Nomination, that, if fulfilled, will result in the balance of the Customer's Gas Storage Inventory Account exceeding, in absolute value, zero at the end of the Term of that Transaction
- (d) CVGS's right to not accept any Nomination, pursuant to Sections 2.2(a) (b) and (c) of this Schedule ISS, supersedes any obligation or right the Customer may otherwise have to Nominate the Maximum Daily Quantity or to exercise any **(T)** scheduling discretion to which it is otherwise entitled, as specified in the Appendix ISS evidencing the Transaction.

FORM OF GUARANTEE

THIS GUARANTEE is executed as of the ____ day of _____, 20__, by [____], a _____ corporation (the "Guarantor") in favor of Central Valley Gas Storage, LLC, a Delaware limited liability company ("CVGS").

RECITAL

[Name of Customer] a [State under whose laws Customer is organized] ("Customer"), and CVGS have entered into a Storage Services Agreement, dated _____, ("Agreement") pursuant to CVGS's Tariff on file with the California Public Utilities Commission ("CVGS Tariff"). CVGS shall provide Gas storage Services to Customer pursuant to the Agreement and the CVGS Tariff. A capitalized term or expression not otherwise defined herein shall have the meaning ascribed to it in Rule 1 of the CVGS Tariff. As an inducement to CVGS to enter into the Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Guarantor covenants and agrees as follows:

1. Guarantee of Payment. The Guarantor hereby irrevocably and unconditionally guarantees the due and punctual payment of any and all present and future obligations and liabilities of all kinds of the Customer to CVGS pursuant to the Agreement (collectively, the "Guaranteed Obligations"). Upon any failure by the Customer to pay any of the Guaranteed Obligations, the Guarantor agrees that it will forthwith on demand pay any amounts that the Customer has failed to pay CVGS, at the place and in the manner specified in the Agreement(s). This Guarantee is a guarantee of payment and not merely a guarantee of collection. The Guarantor agrees that CVGS may resort to the Guarantor for payment of any of the Guaranteed Obligations, whether or not CVGS shall have resorted to any collateral security, or shall have proceeded against any other obligor principally or secondarily obligated with respect to any of the Guaranteed Obligations. Guarantor reserves the right to assert defenses that the Customer may have to payment of any Guaranteed Obligations other than defenses arising from the bankruptcy or insolvency of the Customer and other defenses expressly waived hereby.

2. Guarantee Unconditional and Absolute. The obligations of the Guarantor hereunder shall be unconditional and absolute and, without limiting the generality of the foregoing, shall not be released, discharged or otherwise affected by:

(iii) any modification, amendment, waiver, extension of or supplement to any of the Agreement(s) or the Guaranteed Obligations agreed to from time to time by the Customer and CVGS;

(iv) any change in the corporate existence (including its constitution, laws, rules, regulations or powers), structure or ownership of the Customer or the Guarantor, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Customer or its assets, the Guarantor or any other guarantor of any of the Guaranteed Obligations;

(v) the existence of any claim, set-off or other rights that the Guarantor may have at any time against the Customer, CVGS or any other corporation or Person, whether in connection herewith or in connection with any unrelated transaction; provided that nothing herein shall prevent the assertion of any such claim by separate suit or compulsory counterclaim;

(vi) the invalidity or unenforceability in whole or in part of the Agreement(s) or any Guaranteed Obligations or any instrument evidencing any Guaranteed Obligations, or any provision of applicable law or regulation purporting to prohibit payment by the Customer of amounts to be paid by it under the Agreement(s) or any of the Guaranteed Obligations; (vii) any of the acts mentioned in any of the provisions of the Agreement or CVGS Tariff shall be done or omitted in whole or in part; or

5. Subrogation. Upon making any payment hereunder, the Guarantor shall be subrogated to the rights of CVGS against the Customer with respect to such payment; provided that the Guarantor shall not enforce any right or receive any payment by way of subrogation until all of the Guaranteed Obligations then due shall have been paid in full and CVGS agrees to take at Guarantor's expense such steps as the Guarantor may reasonably request to implement such subrogation.

6. Stay of Acceleration Ineffective with Respect to Guarantor. In the event that acceleration of the time for payment of any amount payable by the Customer under the Agreement(s) is stayed upon the insolvency, bankruptcy or reorganization of the Customer, all such amounts otherwise subject to acceleration or required to be paid upon an early termination pursuant to the terms of the Agreement(s) shall nonetheless be payable by the Guarantor hereunder forthwith on demand by CVGS.
